OK. Please find attached the revised Calculated Groundwater Remedial System Air Stripper Emissions spreadsheet and two different versions of the Air Analytical Summary Table. Please let me know if you have a preference or if you need anything else.

Please let me know if you need anything else.

Hi –  
 In addition to adding TVOCs, would it be possible to move the screening value columns to the left-hand side of the table and the emissions pipe data to the right of the ambient data?  
 Thanks.  
 Carolyn
